

With the value granted by experience, M.E.M.O. is as versatile as he is elegant. The native of Malaga recently awarded as best **Deep House** artist at the **Hispano-American Vicious Music Awards 2018**, and he harmonizes **talent** and **technical skills** with a suggestive **tendency to risk** and a natural predisposition to the **avant-garde**. This will has run through his veins since he was a child, and when he became a teenager he combined his piano studies with his role as a singer and guitarist in a band halfway between rap and metal. A couple of years later, with the arrival of the sounds imported from UK and Germany to Andalusia, electronic music burst into his life and being still very young, he is playing in Festivals for more than **20,000 people**, turned from the beginning into a reference within the scene.

Soon Andalusia is too small for the aspirations of M.E.M.O. who, inevitably, begins his journey through other cities and countries. First he settled in **Barcelona**, where he opened his own vinyl shop and performed at the main clubs in the city such as **Moog, Fellini, Catwalk** and had a residency at the party **ZEN** at **City Hall** which he combined with another residency at the club in **London, 54**. Later on he moved to **Ibiza** for five years, where he leaves his mark with regular performances at **Space, Privilege** and **Sankeys**, amongst others. **A career of more than 22 years** that has taken him to major festivals such as **Creamfields, Dreambeach** or **Winter Music Conference**, playing many countries where

he has been able to demonstrate his skills: **Germany, England, Norway, France, Netherlands, Egypt, Russia, Croatia, USA, Mexico...**

And all of this without mentioning his facet as a **producer**, because in this territory, M.E.M.O. also excels. His works with **Pig & Dan "All U Need"** on **Yoshitoshi Records** and **"Vicking Princess"** on **Bedrock Records**, are important examples of this, which have been recognized. **"Tai Tai"**, edited by the Berlin label **Mobilee Records**, Best Seller **Deep House 2018** and its presence in **Beatport's Top 100 Deep House** for more than 4 months, **reaching number 3**. Its second and recently released on **Mobilee "Another Night"** receives like the previous support of greats like **John Digweed, Tiësto** or **Pete Tong** among others, which is presented several times on **BBC Radio1**, these releases and his frequent appearances in the showcase of the seal consecrate this artist from Malaga in the German label.

But, this is not the end of his biography, those who know him can see that the trajectory of M.E.M.O. is more alive than ever. Currently, in addition to his DJ sets, he is immersed in his **Live Act**, which premiered at **Watergate** in Berlin and has already made famous tours and festivals with this format, an area he combines with his work at **Pure Ibiza Radio**, where it has a weekly space full of feeling and freedom.
